RE : Class Action – Fuel tax

Sir,

As Claims Administrator, we wish to inform you that the processing of the claims is now completed, refusal letters have been sent and the contestation process will begin shortly.

Due to the large volume of claims received at the same time very close to the deadline date, the processing of claims took longer than expected. Consequently and also considering the delay for filing contestations of refused claims, claimants' cheques cannot be issued before the end of February 2014.

Thank you for your understanding,

COLLECTIVA
