Subject: Specific Claim Process

Dear Chief Martin,

I am pleased to bring greetings from the Kitigan Zibi Anishinabeg Band Council to you and your Band Council.

The Kitigan Zibi Anishinabeg is going through a similar process as you are undergoing in regards to a specific claims settlement offer. We have not yet initiated the discussion with Aboriginal Affairs and Northern Development Canada in regards to the wording for the global settlement agreement which encompasses some 24 specific claims. That being said, we understand that you have been able to confirm wording in your settlement agreement that does not include the issue of extinguishment of land or silencing of title rights. This is most interesting and is very ground breaking from our point of view.

Would it be possible for you to email me a copy of your proposed settlement agreement that has been circulated to your membership? We are very interested in the wording of the settlement agreement and would agree not to circulate the document should you agree to send it to us.

Migwech,
