"The Listuguj Mi'gmaq Government wishes to make available to the Listuguj Community Health Services all necessary resources required in order to improve the different health services offered to the population with the goal of improving the overall physical and mental health of the community.

In order to obtain a Ten-Year Agreement, the Listuguj Band Council commits to producing a health plan that responds to the needs of the community. This health planning will be based on the health priorities established in collaboration with its population and partners. This document should be implemented by the Listuguj Community Health Services and should be revised regularly to ensure that it responds to the needs of the community.

The Listuguj Mi'gmaq Government commits to respecting the reporting requirements (Activity Reports, Financial Reports) as described in the contribution agreement.

Be it resolved, that the Listuguj Mi'gmaq Government authorises the work required for the renewal of the actual contribution agreement toward a Ten-Year Block - Flexible Transfer Agreement and mandates the Listuguj Community Health Services to provide all necessary documents and to follow the required steps so that the process be implemented as early as possible."
